DOCKET NO. 2005-43-S - ORDER NO. 2007-665
SEPTEMBER 27, 2007

IN RE: Joint Application of J.C. Cox Utility, Inc. for) ORDER ALLOWING
Approval of the Transfer of the Forest Hills) SUBMISSION OF
Sewer Systems to JACABB Utilities, LLC) INFORMATION

This matter comes before the Public Service Commission of South Carolina (the Commission) on what is currently considered to be a request for confidential treatment of financial statements filed by JACABB Utilities, LLC. We note that the statements were simply filed with the term “Confidential” stamped on them. Contrary to the Commission’s requirements for filing of confidential material¹, no reasons were furnished as to why the statements should be held to be confidential. However, we will deem the use of the “confidential” stamp to be a request for confidentiality, although without stated reasons.

We will hold this request in abeyance for ten (10) days from the date of this Order to allow JACABB time to provide written justification for its request for confidential treatment of the financial statements. After that time, we will once again consider the matter.

¹ See Commission Order No. 2005-226, “Order Requiring Designation of Confidential Materials”, issued May 6, 2005,

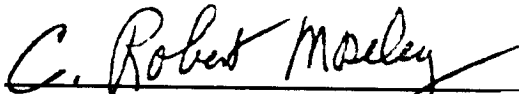

This Order shall remain in full force and effect until further Order of the Commission.
